

Guidance Notes on Legal Compliance and Soundness

Legal Compliance

Once the Council submit the Local Plan to the Planning Inspectorate for Examination, a Planning Inspector will first check that the Plan meets the legal requirements of the Planning and Compulsory Purchase Act 2004 (as amended by the Localism Act 2011) and the Town and Country Planning (Local Planning) (England) Regulations 2012, before moving on to consider the tests of soundness.

If you are seeking to make representations on the way in which the Council has prepared the Plan, it is likely that your comments or objections will relate to a matter of legal compliance.

You may want to consider the following before making a representation on legal compliance:

Local Development Scheme

Preparation of the Local Plan should be in accordance with the current Local Development Scheme (LDS). This is available at:

<http://www.sedgemoor.gov.uk/10436>

Statement of Community Involvement

The process for public engagement for the Local Plan should be in general accordance with the Statement of Community Involvement (SCI) which is available at:

<http://www.sedgemoor.gov.uk/sci>

Town and Country Planning (Local Planning) (England) Regulations 2012

The Local Plan should comply with the Town and Country Planning (Local Planning) (England) Regulations 2012. This includes public participation in the preparation of the Local Plan.

Sustainability Appraisal

The Council is required to publish a Sustainability Appraisal report when publishing the Local Plan. This should identify the process by which the Sustainability Appraisal has been carried out, the baseline information used to inform the process, and the outcomes of that process. The Sustainability Appraisal is available to view at:

<http://www.sedgemoor.gov.uk/LocalPlan>

National Planning Policy

The Local Plan should have regard to national planning policy. The National Planning Policy Framework (NPPF) is available at:

www.gov.uk/government/publications/national-planning-policy-framework--2

Duty to Co-operate

The Council is expected to have followed the 'Duty to Co-operate' requirements set out in Section 110 of the Localism Act 2011.

Soundness

If it is the actual content of the Plan on which you wish to comment on or object to, it is likely that your comments or objections will relate to the Plan's soundness.

To be sound, the Plan should be:

- **Positively prepared** - This means the Plan should be based on a strategy which seeks to meet objectively assessed needs, including any unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development.
- **Justified** – This means the Local Plan should provide the most appropriate strategy when considered against reasonable alternatives, based on proportionate evidence. The evidence to support the Local Plan is available online at: <http://www.sedgemoor.gov.uk/9708>
- **Effective** - This means the Plan should be deliverable over the plan period and based on effective joint working on cross-boundary strategic priorities. The Plan should be flexible to deal with changing circumstances, which may involve minor changes in response to monitoring outcomes or more significant changes in response to problems such as sites not coming forward as planned.
- **Consistent with national policy** - As well as being a matter of legal compliance, the Plan's consistency with national policy is also a matter of soundness. The Plan should enable the delivery of sustainable development in accordance with policies in the National Planning Policy Framework. Where there is a departure from national policy, the Council must justify this approach.
