Please send me details of accommodation in the area

THE STERT ISLAND SWIM - CONDITIONS

1. The swim takes place in a tidal estuary and participants should be aware of the dangers inherent with ocean swimming and be confident in their ability in the open water.
2. Water purity is within EEC guidelines – visibility in the water is nil.
3. Water temperature in July is approximately 15 °C. The organisers strongly recommend that wetsuits should be worn for warmth and buoyancy.
4. In the event that the weather conditions are deemed too dangerous, the swim will be cancelled.
5. Shipping movements will be excluded for an hour and a half, the maximum time allowed for a swimmer to complete the course. For safety reasons, anyone deemed likely to take longer than this may be taken out of the water by rescue craft.
6. No entries will be allowed on the day.
7. Entries are non-refundable.

I declare that I am fit to take part in this event and understand that I take part at my own risk and relieve the organisers of any responsibility for injury, loss or damage sustained either my person or property as a result of my participation. In addition, I have read and understand the conditions and am over 18 years of age.

Data Protection Act: by submitting this entry, I agree that the organisers may store my entry details and results for the purpose of event administration, publicity and notification of future events.

Signed Date

There is an Entry Limit of 80 Participants
